

WAREWASHING UNIVERSAL RINSE AID

HYLINE HLU-3000

CUSTOMER BENEFITS

- Highly concentrated, neutral, liquid rinse aid
- Spotless drying results
- Brilliant finish
- Excellent washware coverage
- Outstanding draining properties
- Free of NTA

DOSAGE / APPLICATION

0.1 to 0.4 g/l, depending on glass type and water quality.

From 3°dH, we recommend installing a water softener; for water containing large amounts of minerals, it is advisable to install a demineralisation system.

- Designed for commercial use only
- Not suitable for manual dosing
- Adhere to dosage instructions

COMPOSITION / INGREDIENTS

Non-ionic tensides
